## APPOINTMENTS

- **Current appointment:**
  - Faculty member/ School of Medicine
  - Jordan University of Science and Technology
  - November 2022
  
- **Previous appointments**
  - *Pediatric cardiac electrophysiology fellow*
    - The Royal Children's Hospital
    - October 2021-October 2022
  
  - *General Cardiology fellow*
    - The Royal Children's Hospital
    - October 2019-October 2021

- *Pediatric Assistant specialist and teaching assistant*
  - *King Abdullah University Hospital ([www.kauh.jo](http://www.kauh.jo))*
  - *Jordan university of science and technology ([www.just.edu.jo](http://www.just.edu.jo))*
  - *Feb, 2018 until -Sep 2019*
  
- *Pediatric Specialist, daily worker*
  - *Medicine San Frontieres/ Amsterdam ([www.msf.org](http://www.msf.org))*
  - *Irbid Project/ Jordan*
  - *Sep 2017– Feb 2018*
  
- *Pediatric Resident*
  - *King Abdullah University Hospital ([www.kauh.jo](http://www.kauh.jo))*
  - *Jordan University of Science and Technology ([www.just.edu.jo](http://www.just.edu.jo))*
  - *July 2013– July 2017*
  
- *Intern Doctor*
  - *Ministry of Health of Jordan/ Prince Hamzah Hospital ([www.moh.edu.jo](http://www.moh.edu.jo))*
  - *July 2012 – June 2013*

## • Residency experience

King Abdullah University Hospital is a 678 beds hospital being one of the biggest in Jordan. With a magnificent pediatric department consisted of big ward and 2 units: PICU, NICU. As a resident, I had wide range responsibilities including management of pediatric patients in floor, PICU, NICU and ER, and teaching medical students, and during some night shifts working as Administrative Alternate in the hospital.

## • Fellowship experience

The Royal Children's Hospital is the largest pediatrics hospital in Australia and one of the most important cardiac centers in Asia. Training includes management of medical and surgical cardiac cases in inpatients and outpatients under the supervision of RCH consultants. I was the electrophysiology fellow during the third year of my training.

- ECHO transthoracic and transesophageal and helping the cardiac surgeons with epicardial.
- Exercise test.
- Interpretation of ECG and Holter.
- Consults from RCH or other hospitals and GPs.

- General Cardiac Clinics.
- Cardiac Catheterization.
- EP study and ablation of arrhythmia
- ICD and PM insertion and programming
- Electrophysiology clinic and MDT clinics

## TEACHING EXPERIENCE

- Currently, I am faculty member at the Jordan University of Science and Technology (School of Medicine).
- I have taught bedside and clinical tutorials to undergraduate medical students at all my residency years and during the teaching assistant career.
- I was involved of cardiology fellows teaching and paediatric residents.

## LANGUAGES

- Arabic (Mother tongue)
- English
