CLINICAL EXPERIENCE

General pediatrics: I have a considerable experience in management and follow up of patients with acute and chronic pediatric problems with interest in acute intoxication and envenomation of pediatric population. I have large experience in almost all routine pediatric ward procedures including lumbar puncture, newborn care, resuscitation, blood exchange, intubations and other

HEMATOPOETIC STEM CELL TRANSPLANTATION: I did 89 BMT for Primary Immunodeficiency till now and one case of osteopetrosis, 65 with matched related donors with a success rate of 81% and 15 cases with mismatched related donors with a success rate of 60%.

This experience included donor and recipient preparation, protocol establishment, chemotherapy administration, raw marrow harvest in theater under general anesthesia, post bone marrow care including all possible complications in ward or ICU.

IVIg administration: I was involved in more than 9000 infusions in both day-care, bone marrow transplantation and general pediatric wards with different indications and preparation with very large safety profile.

Intraarticular Corticosteroids Injections: I did more than 400 joint injections of both large and small joints.

Biological therapy: I have experience in care of patients with JIA who were infused regularly with different biological therapy (Infliximab, Etanercept, Adalimumab, Rituximab and Tocilizumab, Golimumab and anakinra) including indication, administration, monitoring of safety and efficacy. This is in addition to extensive experience in Chemotherapy and steroid sparing immunosuppressive agents administration in different systemic connective tissue diseases in children

Allergy: I have extensive experience in performance of Skin Prick Test of all aero- and food allergens and interpretation of quantitative RAST. This includes food challenge test and appropriate advices.

Bone Marrow aspiration and biopsy and punch skin biopsy: I have extensive experience of doing all these procedures under conscious sedation.

MEMBERSHIPS

Member of Jordanian society of allergy and immunology

Member of Jordanian pediatric society

Member of Jordanian society of Rheumatology

Member of international consortium of primary immunodeficiency

Member of pediatric rheumatology list on line

Member of pediatric Arab rheumatology group(PRAG).

Member of clinical training staff of medical student at college of medicine in Jordan university of science and technology.

Member of the world organization of allergy.

Member of Arab association for primary immunodeficiency(ARAPID).

TEACHING EXPERIENCE

1.Clinical tutor at medical school of Jordan university of science and technology 2013-PRESENT.

2. Teaching faculty, Princess Muna College of nursing – advance pediatric health assessment for master degree student 2012-2015.3.

3.Active involvement in pediatric resident training and evaluation at Royal medical services .1998-2019.

4. Active participation in pediatric resident in for of lectures and bedside teaching at **Spiciality, Islami ,Jordan and Istiklal** private hospitals –Amman /Jordan
Feb/2019 present
