

ADAM SAQER MUSTAFA SQOUR

Irbid 22110, Jordan 
assqour@just.edu.jo 

PROFESSIONAL SUMMARY

Clinically versatile and academically engaged psychiatrist with over 8 years of experience across inpatient, outpatient, and community mental health settings. I am board-certified in psychiatry by the Jordan Medical Council and have completed a two-year CESR Fellowship in General Adult Psychiatry at NHS Grampian, Scotland. In this role, I provided advanced psychiatric care, held RMO status, conducted MHA assessments, and supervised junior doctors.

My academic journey includes serving as a lecturer at Yarmouk University – Faculty of Medicine, where I trained medical students in core psychiatric skills, developed curricula, and conducted OSCE assessments. I am deeply committed to integrating psychotherapy into clinical practice, with training in cognitive-behavioural therapy (CBT) and interpersonal psychotherapy (IPT).

Equally passionate about clinical leadership, teaching, and team development, I have received consistent positive feedback for my collaborative style and effectiveness in multidisciplinary settings. My approach combines evidence-based care, cultural sensitivity, and continuous professional development to deliver high-quality psychiatric services.

Key areas of focus: General Adult Psychiatry, Psychotherapy Integration, Medical Education, Clinical Leadership, and Quality Improvement.

EDUCATION AND CERTIFICATIONS

PROFESSIONAL EXPERIENCE

Psychiatrist - Adult Psychiatry

| King Abdullah University Hospital (KAUH), Jordan

07/2023 – PRESENT

- Lead outpatient general adult clinics and serve as inpatient/liaison consultant, including risk and mental capacity assessments and care planning.
- Provide direct and indirect supervision for residents, bedside teaching and documentation oversight.
- Coordinate multidisciplinary management with Emergency Medicine, Internal Medicine, Paediatrics, Pain Management and Occupational Therapy.
- Contribute to hospital guidelines and pathways (e.g., suicide risk assessment/management, de-escalation and rapid tranquillisation, delirium, consultation-liaison workflows).
- Engage in service development and quality improvement, including clinic flow optimisation and audit against NICE/Maudsley standards.

Assistant Professor - Psychiatry

| Jordan University of Science and Technology (JUST), Jordan

05/2023 – PRESENT

- Deliver undergraduate teaching and residency didactics aligned to ACGME/RCPsych/Arab Board/Jordanian Bord, including Psychotherapy Supervision, Balint (Reflection) Group, Board Course, Case Conference and Journal Club.
- Supervise residents in Psychiatry, CBT, IPT, supportive psychotherapy and motivational interviewing; provide research mentorship.
- Programme development: design competency-based curriculum, rotation schedules and assessment frameworks and draft programme.
- Lead (proposed Programme Director) the ACGME-I initial accreditation application in partnership with KAUH, including mapping to Milestones and institutional requirements.
- Develop structured clinical assessment tools and contribute to scholarship, audit and QI outputs.

CESR Fellow - General Adult Psychiatry

| NHS Grampian, Royal Cornhill Hospital, UK

04/2023 – 04/2025

- Delivered comprehensive psychiatric care across inpatient wards and Community Mental Health Team (CMHT) settings.
- Conducted senior reviews, Mental Health Act (MHA) assessments, and held Responsible Medical Officer (RMO) status.
- Supervised and mentored junior doctors and medical students.
- Actively involved in Interpersonal Psychotherapy supervision and training.
- Led and participated in QI projects enhancing communication between inpatient and outpatient teams.
- Received outstanding MSF and patient feedback, including letters of commendation.

Lecturer | Yarmouk University - Faculty of Medicine, Jordan

11/2021 – 00/2023

- Evaluated and revised lesson plans and course content to achieve student-centred learning.

- Used variety of learning modalities and support materials to facilitate learning process and accentuate presentations.
- Trained and assessed students to develop effective clinical skills, e.g., history taking, mental state exam, and interviewing skills.

Acting Consultant Psychiatrist | Wanafs Clinic, Jordan

07/2021 – 03/2023

- Created and led a new mental health multidisciplinary team.
- Trained junior team members for psychiatric interview skills and many psychotherapeutic techniques.
- Prescribed, directed and administered psychotherapeutic treatments and medications to treat various mental, behavioural and emotional disorders.

Psychiatrist | Private Sector – Various Clinics

07/2021 – 06/2022

- Prescribed, directed, and administered psychotherapeutic treatments and medications to treat various mental, behavioural and emotional disorders.

Psychiatry Resident | King Abdullah University Hospital (KAUH), Jordan

07/2016 – 06/2021

- Evaluated and analysed patients' data and tests and examined findings to diagnose the nature and extent of mental disorders.
- Prescribed, directed and administered psychotherapeutic treatments and medications to treat various mental, behavioural and emotional disorders.
- Administered and supervised administration of ECT.
- Counselled outpatients and other patients during office visits and designed individualized care plans.
- Contributed to team success by completing jobs quickly and accurately.
- Instructed and trained junior team members on protocols and procedures of each task to maximize team efficiency.
- Served as chief resident during the COVID-19 pandemic.

Intern | King Abdullah University Hospital (KAUH), Jordan

07/2015 – 06/2016

- Completed daily rounds to check on patients and identify any reasons for concern.
- Wrote detailed and professional progress notes for each patient, outlining notable events and examinations findings.
- Collected labs and test results on patients.
