### **Professional Experience:**

#### **General OB/GYN**

During my training in OB/GYN, I gained good experience in general gynecology including perioperative management of gynecological patients. I performed wide varieties of minor and major operations such as diagnostic and therapeutic endoscopic surgeries, laprotomies and vaginal surgeries. I also gained good exposure to other gynecology subspecialties like oncology, fetal medicine and urogynecology

In obstetrics, I am confident in managing patients in antenatal wards, clinics, delivery suite and theater .I feel confident doing all types of cesarean sections and instrumental deliveries for different indications.

I have acquired good experience in the management of obstetric and gynecological emergencies .I actively participated in teaching and supervision of undergraduate students and residents.

#### **Gynecologic Oncology**

During my fellowship training I improved my surgical and clinical skills. I gained an excellent experience in gynecologic oncology and its related techniques (Chemotherapy and Radiotherapy),I did a lot of staging surgeries by laparotomy and laparoscopy as my training center was tertiary center for laparoscopic surgery.

#### **Memberships**

Member of Jordan Medical Association

Member of Jordan Society of OB/GYN.

Member of European Society of Gynecologic Oncologist.
